

## Microfibre Doormat

Washable doormat with super absorbency and microfibre technology

- Multi-action entrance mat with hygienic microfibre technology.
- Flexible, ultra-fine fibres (finer than a human hair) provide deep-cleaning action on passing footwear.
- Friction from the fibres generates a static charge that attracts and traps dust/debris.
- Effectively penetrates those hard to reach treads on footwear and wheeled trollies.
- Superior 'brushing and wiping' with 'rapid dry' properties that outperform cotton.
- Luxuriously soft pile that keeps entrances looking smart, stylish and free from lint.
- Environmentally-friendly – does not require chemical pre-treatment or washing detergents.
